

Chairs SILLAS Chaises

La colección de sillas de Casual es la representación viva de diseños actuales y contemporáneos, unos elementos donde prima la calidad, comodidad y estética. La aportación a nuestra producción de modelos como Astrid, Micky, Scarlett, Umai y Cushi entre otros, revalorizan la aportación metálica a este tipo de elementos. Modelos como Compás, Bion y el duo Pixie y Dixie, fortalecen la base de la estructura de madera.

Simplicity and comfort. Everyday rituals. Not too little and not too much. Here it is sufficiently well.

Una gran cantidad de posibilidades y acabados, así como las propuestas de combinación de tejidos y personalización es lo que hace que nuestra colección de butacas sea totalmente diferente. Tendencias a décadas anteriores como es el modelo Fifty y diseños totalmente actuales como son Bogard, Brenda o Astrid, hacen que todas ellas puedan compartir un espacio dentro de nuestra colección. A destacar el desarrollo de pequeños sofás basados en modelos como Mia, Nani o Marcela, que pueden encajar en cualquier ambiente.

We would like to highlight the development of small sofas based on models such as Mia, Nani or Marcela, which can fit into any environment.
